

Property tax payment and COVID-19

In light of the approaching July 31 payment deadline in Lucas County for second-half property taxes, and the economic consequences of COVID-19, Lucas County Treasurer Lindsay Webb is notifying those facing late payment of available resources to avoid penalties and interest.

While property owners are always encouraged to pay what they can, Treasurer has taken steps to ensure businesses and others in particular need of assistance are able to seek relief through the tools offered through her office.

You MUST call and request delays
