

TESTIMONIAL FROM PORTAGE LAKES CAREER CENTER

“Mark did a great job presenting his Floor Covering Basics training manual to my 11th grade Building Trades students. He has a wealth of knowledge and was very good at explaining the importance of knowing your product before you sell it or install it. The students really enjoyed hearing the information and wanted to continue the conversation even after Mark had left. I look forward to working with Mark in the future!!”

Thanks,

Adam Irwin
